

Assignment-2

Area Chart: time based sales distribution overview

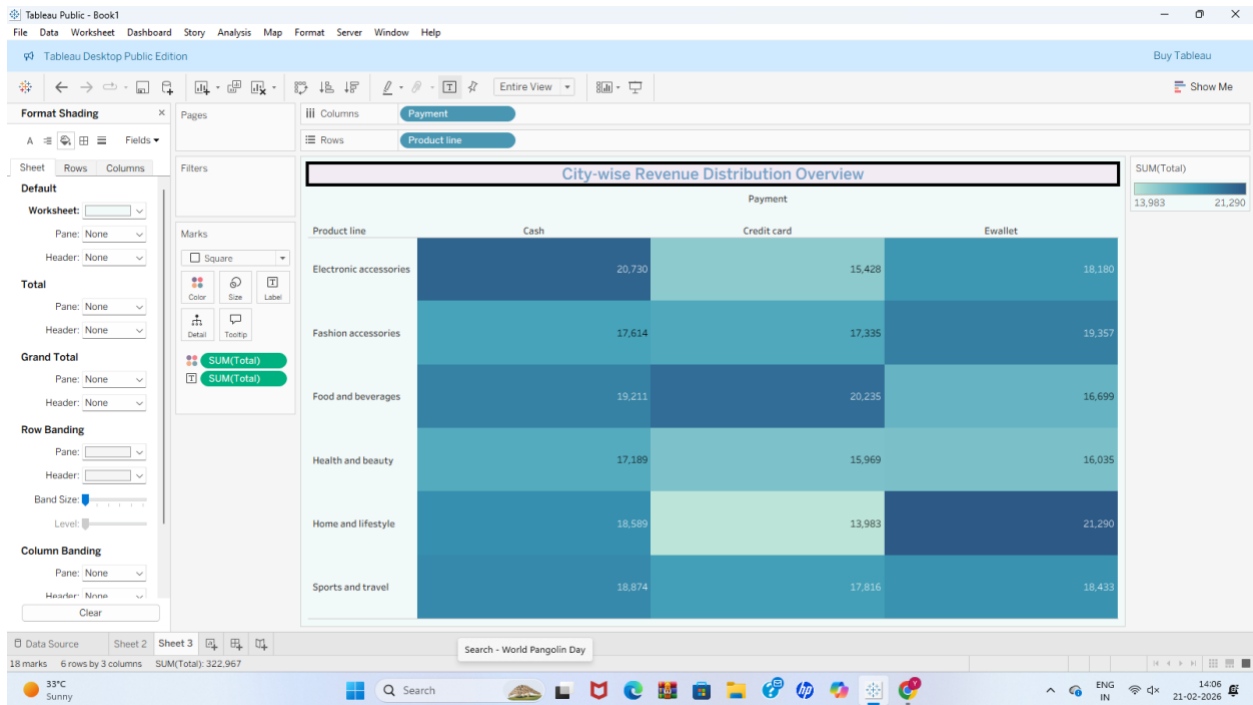

Text table: total sales distribution by product line

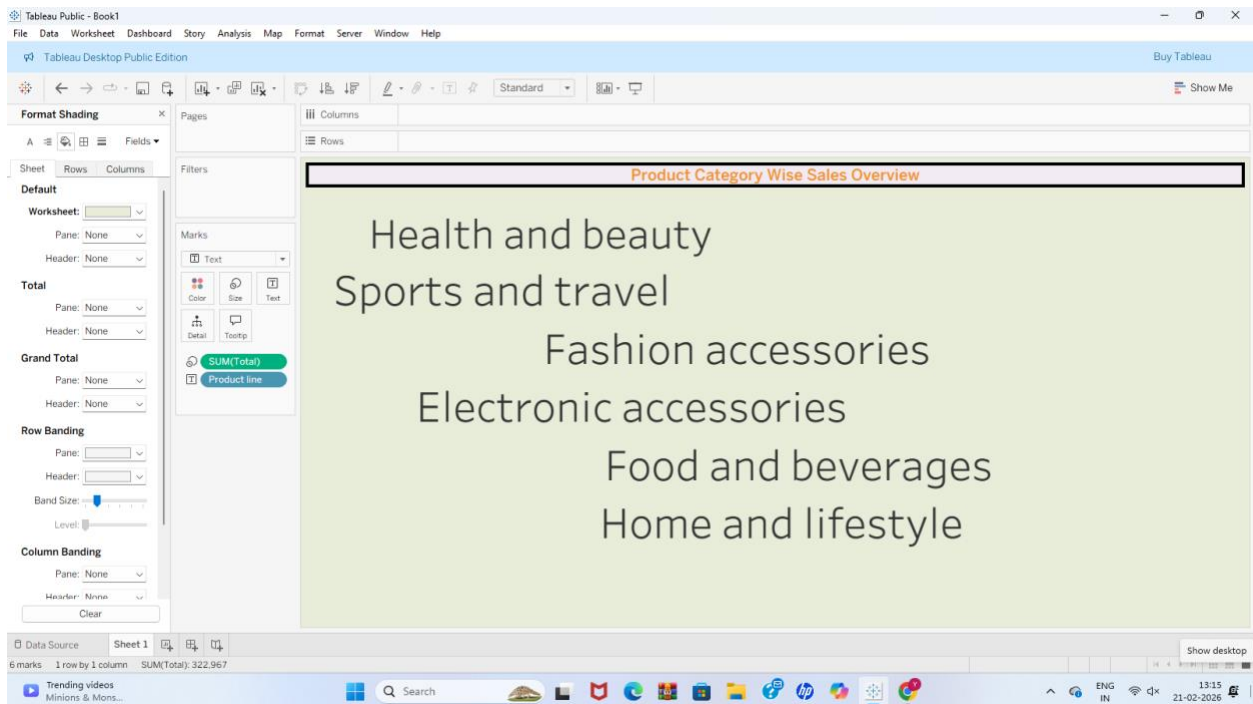

The screenshot displays a Tableau worksheet titled 'Total Sales Distribution by Product Line'. The table shows the total sales for each product line. The Y-axis represents 'Product line' and the X-axis represents 'SUM(Total)'. The legend on the right identifies six product lines: Electronic accessories (blue), Fashion accessories (orange), Food and beverages (red), Health and beauty (teal), Home and lifestyle (green), and Sports and travel (yellow). The table shows the total sales for each product line: Electronic accessories (54,338), Fashion accessories (54,306), Food and beverages (56,145), Health and beauty (49,194), Home and lifestyle (53,862), and Sports and travel (55,123).

Product line	SUM(Total)
Electronic accessories	54,338
Fashion accessories	54,306
Food and beverages	56,145
Health and beauty	49,194
Home and lifestyle	53,862
Sports and travel	55,123

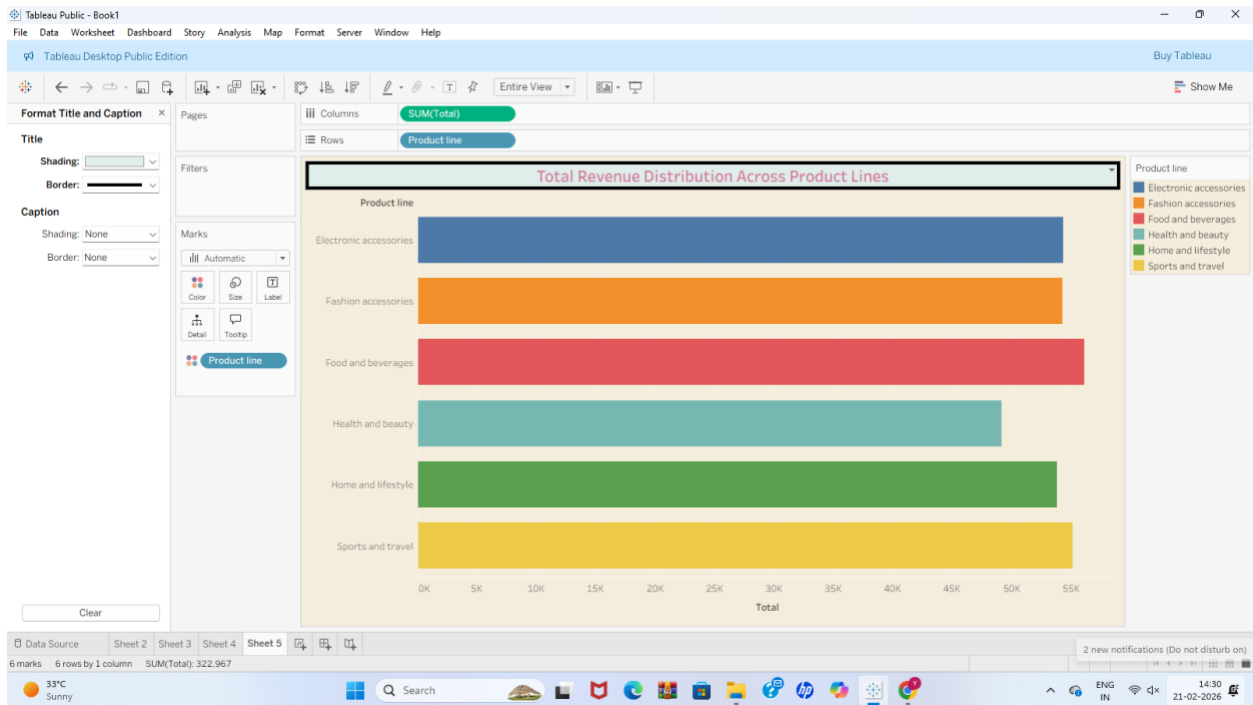

Highlighted table: city wise revenue distribution overview

word cloud: product category wise sales overview

Funnel Chart: total revenue distribution across product line

Waterfall: cumulative contribution of each product line to total sales
